

4 Research Centers

Center for Advancing Interprofessional Practice, Education and Research	Center for Health Promotion and Disease Prevention	Center for Innovation in Healthy and Resilient Aging	Center for Mindfulness, Compassion and Resilience
<p>The Center for Advancing Interprofessional Practice, Education and Research (CAIPER) mission focuses on reimagining team-ness through collaboration, innovation and activation in health care and beyond to achieve a humanistic, socially-aware and team-based health care workforce. By engaging diverse groups and pioneering forward-thinking research, CAIPER seeks to drive interprofessionalism into new and dynamic arenas.</p>	<p>As a transdisciplinary team of faculty, students and staff, CHPDP conducts translational research, training and outreach activities in close partnership with communities with the goal of improving health and preventing disease in vulnerable populations across the lifespan. CHPDP is structured into four cores including administrative, research, training and community engagement.</p>	<p>CIHRA provides the ideal structure to design, build and sustain a nationally-competitive venture in aging. Investigators blend expertise in prevention, behavior change and intervention for midlife and older populations to solve challenges in aging from the individual to the policy level. CIHRA provides unique opportunities for faculty, student and community partner engagement.</p>	<p>The ASU Center for Mindfulness, Compassion and Resilience develops an academic “Culture of Caring” by advancing mindfulness and compassion practices at ASU and the community. Center connects global researchers, scholars, teachers, practitioners and learners around the concepts of mindfulness, compassion and well-being.</p>
Key CAIPER Achievements	Key CHPDP Achievements*	Key CIHRA Achievements*	Key Center Achievements
<ul style="list-style-type: none"> • Over 55,000 CAIPER Certificates of Completion issued. • 4 eLearning Courses focused on team-based health care (3 fully accredited). • 2 digital magazines published on vulnerable populations, ethical dilemmas and burnout. • CAIPER eLearning Solutions Consulting and BHeAT Lab - facilitating the integration of interprofessional education and research worldwide. • Winner of 2022 George E. Thibault MD Nexus Award and 2023 National Academies of Practice Creativity in Practice & Education Award. 	<ul style="list-style-type: none"> • 108 peer-reviewed publications. • 99 abstracts and presentations. • \$5.5 million in research expenditures. • 135 mentorship trainees, including 34 doctoral and 9 junior faculty. 	<ul style="list-style-type: none"> • 55 active investigators, affiliates and advisory board members across different disciplines. • Hired 17 experts in Aging. • Submitted 17 research proposals (8 federal). • National/International Speakers in Aging and Design. <p><i>*since 2019</i></p>	<ul style="list-style-type: none"> • Partnerships & research with Mayo Clinic, AZ Department of Health Services, ASU Center for Biodiversity Outcomes. • 130+ presentations, 15 articles. • 6 eLearning modules completed by 4,000 learners. • 4 ASU courses in development. • Programming reach of 82,000+.
